

# Preparing for Union Applications

Applicants to construction sector craft unions can expect to be required to complete and submit a combination of the following:

- Obtained training and certifications
  - Eg. Working at Heights, WHMIS, Worker Health & Safety inf 4 Steps, and other relevant certifications
- General experience related to the trade and willingness to work within the requirements of the scope of the trade
  - Working at heights
  - Working in confined spaces
- Resume
- Ability to obtain a security clearance
- Government issued identification
- Proof of education

Please note that each union requirements vary slightly. Exact requirements can be found by utilizing Construction Apprenticeship Training Ontario's Apprenticeship Navigator Tool.
